

SAVE TIME | REDUCE EMAILS | IMPROVE ACCURACY

WHAT INTEGRATIONS ARE AVAILABLE?

Auction.com, along with foreclosure attorneys and key industry partners, has developed an API integration capability to streamline various processes between foreclosure attorneys and Auction.com.

The API integration can cover the following actions:

- Sale Order
- Sale Postponement
- Sale Cancellation
- Sale Result to Auction.com
- Bid Instructions
- Sale Result from Auction.com

WHY SHOULD FORECLOSURE ATTORNEYS EMBRACE THIS INTEGRATION?

By leveraging this API integration, foreclosure attorneys can save time while improving the efficiency of the overall foreclosure process. Attorneys have reported greatly reduced email traffic when employing this integration.

HOW MANY FORECLOSURE ATTORNEYS ARE THERE, AND WHICH SYSTEMS HAVE BEEN INTEGRATED?

A significant number of foreclosure attorneys have integrated with Auction.com through APIs. Auction.com has experience integrating with leading case management systems like CaseAware, CaseMax, PerfectPractice, FSI, and other proprietary firm systems. Auction.com has also successfully integrated with industry middleware providers, like NetDirector.

HOW DO I GET STARTED?

Auction.com’s attorney experience team is happy to walk you through the set up. Please reach out to attorney-support@auction.com.
